

W2D2 Memo 3

27 October 2023

Hello W2D2 participating teachers,

If this is your first W2D2 Memo of 2023 and it has come by direct email then this is confirmation of your registration. Our moderators are in Cc – moderators, this is for you as well.

Here is the latest information:

- We are a little less than two weeks from the big day!
- The W2D2 Schedule of Videoconferences will be ready next week. Registration closes on Wednesday 1st November and we should have the schedule ready by Friday 3rd November. At that point it will not be perfect, so it will be important for you to find your videoconference slot to check that it works for you.
- Please remember that we have resources to help you and your students to understand World Wide Data Day. Most are on the [W2D2 Homepage](#). Scroll down and look under Resources. Beneath that, you will find an archive of Memos, including this one. “Intro” and “How to” videos are on the [ATLAS](#) and [CMS](#) pages. Please use them!
- More questions? We will have Q&A sessions for moderators and teachers 15:00-16:00 UTC and 22:00-23:00 UTC on Monday 6th November via Zoom. The Zoom link is on the [Q&A Indico page](#). Can't make it? The meetings will be recorded. Please note: *if you join the meeting you are consenting to the recording and its availability on the web.*
- Students and teachers sometimes ask about the motivation and meaning of the Φ measurement. For an insight, please check my [interview with moderator Andrea Gozzelino](#) about that measurement and share it with your students.
- Moderators, to understand what the students know and have done, we suggest you watch the same screencasts that they watch:
 - [Introduction to World Wide Data Day](#)
 - [CMS instructions](#)
 - [ATLAS instructions](#).

Even more questions? Send them!

All the best,

Shane and Ken
